SPORT SELECT AT A GLANCE...

PRODUCTS

SPORT SELECT

A new product that offers PRO•LINE, OVER/UNDER, POINT SPREAD and PROPS. Now all four games can be combined on the same ticket!

PLAYER TIPS

You can make picks for any or all— PRO•LINE, OVER/UNDER, POINT SPREAD and PROPS—using the ticket builder on the website or a single selection slip. However, only one outcome can be selected for any event on a ticket.

PRO•LINE

PRO•LINE: How well do you know sports? Predict whether the Home or Visitor team will win—or if the event will end in a PRO•LINE tie.

OVER/UNDER

OVER/UNDER: It's not who wins or loses—it's the total number of points that counts! Predict whether the total score of an event will be "Over" or "Under" the "line."

POINT SPREAD

POINT SPREAD: You could win, even if your team loses! Predict whether the favourite will cover the "spread", or if the underdog will prevent them from doing so.

PROPS

PROPS: It's like a game within the game! Two players go head-to-head in a specific challenge, which one will come out on top?

NEW!

Single event wagering is now available on select events! Available events will be marked with an "S+" on the SPORT SELECT event list.

"Box" up to four games on a Card by choosing both the Home and Visitor teams as the winner!

FUTURES

Make your prediction from a set of options— who will win? Make a pick for an event and see if you're right!

A new way to wager on your favourite sporting events!

COMBO

Hedge your bets! COMBO PLAY lets you wager on a series of combinations of the same events on PRO•LINE, POINT SPREAD, OVER/UNDER or PROPS.

With COMBO PLAY, you can win a prize even if not all of your predictions are correct.

NEW! BUILD YOUR TICKET AT SPORTSELECT.COM

There is no need to use paper selection slips if you use the ticket builder feature at sportselect.com!

- Make your picks.
- Select your wager up to \$100. As you build your tickets, it displays your potential prize!
- When you are finished, generate a QR code and save to your phone or print it out.
- When you go to a retail location, have the QR code scanned to print your ticket.

IMPORTANT: Odds for each event are updated in real time and may change. The website will alert you of changes to the odds before you generate your QR code and you will have the opportunity to edit your picks, if necessary. Your ticket odds will correspond with the odds at the time of purchase.

If you generate a QR code, and odds have changed when it is scanned at retail, you will get a slip from the ticket terminal showing the new and previous odds and you will be able to decide if you want to continue with the purchase or head back to sportselect.com to build another ticket.

More specific information on how to play SPORT SELECT games and how to use the ticket builder can be found at sportselect.com.

GET THE BENEFITS OF MVP SERVICE!

MVP Service lets you access your saved QR codes from any device. For example, you can make your picks on a desktop computer, save the QR code and then access the QR code with your mobile device when you visit a retailer. If you aren't logged into an MVP account, you won't be able to use your mobile device to access QR codes created on a different device.

With MVP Service, you also can receive emails about event changes and other SPORT SELECT news.

Visit sportselect.com for more information and to register for MVP Service.

NEW! REAL TIME ODDS

SPORT SELECT odds for all events are updated in real time and may change based a variety of factors, such as player injury. This allows more events to be offered and prevents events from being closed for sale because of odds changes. Your odds are locked in when you purchase a ticket, so **the odds printed on your ticket are valid even if the odds for the event change.**

The website will alert you of changes to the odds before you generate the QR code and you will have the opportunity to edit your picks, if necessary. Your ticket odds will correspond with the odds at the time of purchase.

If you use the ticket builder on sportselect.com, it is possible for the event odds to change between the time you generate a QR code and when you have that QR code scanned at a retail location. When this happens, the lottery terminal will print a slip containing all relevant information about the odds change. You will then be able to decide if you want to proceed with the purchase with the new odds, or head back to sportselect.com and build a new ticket.

FUTURES

NEW! Our newest addition to the SPORT SELECT lineup, FUTURES allows players to wager on one event with a range of possible outcomes. You win by picking the winner!

For FUTURES, you'll choose one selection from the range of outcomes to place your wager. The goal will be to select the one you think will win. There are groups available for different sports and events – for example, who will win a hockey conference, or the American football championship. The number of selections to choose in each group will vary depending on the sport or event.

SPORT SELECT

NEW!

SPORT SELECT is a product that gives you multiple ways to wager on sporting events. Instead of individual selection slips for each type of game, SPORT SELECT now allows you to **play PRO•LINE, OVER/UNDER, POINT SPREAD and PROPS all on the same ticket.**

- You can make picks for any or all— PRO•LINE, OVER/UNDER, POINT SPREAD and PROPS—using the ticket builder on sportselect.com or a single selection slip. However, **you cannot have multiple picks for the same individual sporting event.** For example, if you want to wager on a Calgary vs. Edmonton hockey game, you cannot play both PRO•LINE and POINT SPREAD on the same selection slip. However, you can play PRO•LINE for the Calgary vs. Edmonton game and play POINT SPREAD for a Vancouver vs. Montreal game.
- You can make up to eight picks per ticket.
- Single event wagering is available on select events.
- Wager options between \$2 and \$100.
- Your picks can be from more than one sport.
- To win, all of your picks must be correct.
- Odds are updated in real time.

Events eligible for single event wagering will be marked with an S+ on the SPORT SELECT event list, and with a circled S on the sportselect.com ticket builder.

3. For each event, choose your wager type.

PRO•LINE and PROPS: Choose V (Visitor Win), T (Tie), or H (Home Win)

OVER/UNDER: Choose O (Over) or U (Under)

POINT SPREAD: Choose V (Visitor Win) or H (Home Win)

PRO•LINE

PRO•LINE: How well do you know sports? Predict whether the Home or Visitor team will win—or if the event will end in a PRO•LINE tie.

Important! A PRO•LINE tie can occur when the sporting event itself does not end in a tie. To view PRO•LINE Tie Rules for each sport, visit [sportselect.com](https://www.sportselect.com).

POINT SPREAD

Predict whether the Favourite will win by more points than the published “spread”, or whether the Underdog will prevent them from doing so. For example, if the spread is -2.5, the Underdog beats the spread if they win, tie or lose by only one point or by two points.

IMPORTANT! For some events/wager types, final SPORT SELECT results are at the end of regulation play and do not include overtime or shootouts. For other events/wager types, the final results include all extra play. Visit [sportselect.com](https://www.sportselect.com) to view current SPORT SELECT rules and further results information.

NOTE: Single event wagering is now available on select events! Available events will be indicated on the SPORT SELECT event list.

OVER/UNDER

It's not who wins or loses – it's the total number of points that counts. Predict whether the total score of the will be over (O) or under (U) the “Line” .

PROPS

Choose which of two players listed in the event, going head to head, will win, or whether it will be a Tie. Select one of three outcomes: a “Visitor Win” (V), a “Tie” (T), or a “Home Win” (H).

Visit [sportselect.com](https://www.sportselect.com) to view information on how ties are determined in PROPS and to view rules on how much players must participate in the event for the outcome to be valid.

COMBO

Combo Play lets you wager on a series of combinations of the same events on PRO•LINE, OVER/UNDER, POINT SPREAD and PROPS. The potential payout is the total of the prizes of all winning combinations. You can win a prize, even if not all your predictions are correct.

NEW! You can make picks for any or all—PRO•LINE, OVER/UNDER, POINT SPREAD and PROPS—**using one selection slip.** However, similar to SPORT SELECT, **you cannot have multiple picks for an individual sporting event.** For example, if you want to wager on a Calgary vs. Edmonton hockey game, you cannot play both PRO•LINE and POINT SPREAD on the same selection slip. However, you can play PRO•LINE for the Calgary vs. Edmonton game and play POINT SPREAD for a Vancouver vs. Montreal game.

How to win on Combo Play

- A winning combination is an individual combination where all the predictions are correct.
- To win on a:
 - 2 Event Combo: you need at least two correct picks.
 - 3 Event Combo: you need at least three correct picks.
 - 4 Event Combo: you need at least four correct picks.

TIES **How do ties work in POOLS?** Final outcomes in POOLS include all extra play (i.e. overtime, shootouts, extra innings, etc.). If a tie occurs during a game, both outcomes are considered correct.

DOUBLEHEADERS

The first game of a doubleheader will always be the SPORT SELECT game, unless it is the continuation of a suspended game. In this case, the second game (the regularly scheduled one) is the SPORT SELECT game.

CANCELLED OR INCOMPLETE EVENTS

When an event is delayed, postponed, suspended, cancelled or called resulting in that event NOT being considered complete, that event does not carry over. For cancelled events an odds value of 1.00 is assigned to each outcome of that event; for POOLS, both outcomes will be considered correct.

FINAL RESULTS

Results are considered final when declared by WCLC and are not affected by any subsequent amendments, corrections, disqualifications or other events.

CLAIMING PRIZES

SPORT SELECT prizes must be claimed within one year following the date of the last event on the ticket. Once a ticket has expired, no prizes can be claimed.

FUTURES prizes must be claimed within one year following the date of the declaration by WCLC of the final result of the event selected on the ticket.

GOVERNING RULES

The official Game Conditions and Prize Structure Statements, and the Rules and Regulations Respecting Lotteries and Gaming, available at sportselect.com or upon request, govern SPORT SELECT, POOLS, FUTURES and COMBO PLAY and supersede any information within this publication.

FREQUENTLY ASKED QUESTIONS

How are odds for SPORT SELECT events determined?

WCLC odds setters, who consider previous match-ups and performance of teams and players, as well as latest streaks, trends, injuries and other factors, set odds for events.

How do I know the cut-off for purchasing sports tickets?

The wagering cut-off times are listed for each event on the list. Keep in mind, the starting time of a sporting event is subject to change without notice (e.g. the times for games in an unscheduled baseball doubleheader).

I tried having my ticket for today's event checked, but it doesn't register any prize. Why?

Event result information is entered into our computer system overnight. That means any prizes won playing SPORT SELECT cannot be claimed until the day following the last event played on the ticket. If you tried to validate your ticket on the same day the events were played, it would not have showed as a winning ticket because the results of those events had not yet been entered into the system.

I only see today's hockey events on the event list. When can I wager on tomorrow's events?

Most SPORT SELECT odds are released the same day events are played. This allows odds setters to evaluate previous events, and it minimizes the impact from late developments such as player injuries. As football games are played approximately a week a part, football odds are generally released a few days in advance.

All my teams won, but my ticket isn't a winner. Why?

PRO•LINE offers players three outcomes: Home Win, Visitor Win and Tie. The definition of a "Tie" in PRO•LINE varies by sport. You can read the Tie Rules at sportselect.com

Can I wager on just one event? How do I do that?

Yes. Select events will be available for single event wagering on PRO•LINE, OVER/UNDER, or POINT SPREAD. The available events will be indicated with an S+ on the SPORT SELECT event list printed from the terminal, and with a small S in a circle beside the event on the sportselect.com list.

To place a wager on a single event, fill out one board of the SPORT SELECT selection slip, or choose just one event on the ticket builder at sportselect.com

HOW TO CLAIM A PRIZE

Prizes up to \$1,000

You can claim prizes up to and including \$1,000 at Lotto Spot retailers offering the service. Check with the retailer to ensure they have sufficient cash to pay the prize.

Retailers may choose not to redeem prizes of over \$100 for a variety of reasons, which may include security concerns about keeping large amounts of cash on the premises. If a ticket wins \$100.01 or more, the retailer can cancel the validation and direct you to claim your prize at another retailer or by mail.

Prizes over \$1,000

If you've won a prize worth over \$1,000, call Player Care at 1-800-665-3313 for more information. Prizes over \$1,000 must be claimed at a Prize Payout office or by mail. An appointment is required to visit a prize office.

Claiming a Prize by Mail

Prizes of any amount can be claimed by mailing tickets to the address below. Contact Player Care at 1-800-665-3313 for information on making a claim by mail. All risks of sending tickets through the mail remain with the player.
