\$100,000 POKER LOTTO win in Inuvik!

"I couldn't believe it!"

Charlotte Kay was drinking her coffee, enjoying a morning like any other, when she decided to check her POKER LOTTO ticket. Her morning then quickly changed from ordinary to extraordinary!

The Inuvik local won \$100,000 on the January 11 POKER LOTTO draw!

"I was stunned," she laughed while claiming her prize. "I was trying not to wake my husband because I thought I had read it wrong, but I was like, 'Are you [expletive] kidding me?!'"

"I couldn't believe it!" she said.

The new winner said she has one main plan for her POKER LOTTO winnings: bill payments.

"Our first priority is paying off bills," she explained. "[My husband and I] are at the age of retiring, so this will help out!"

Kay won her \$100,000 prize after matching all of the cards drawn for POKER LOTTO's nightly draw on January 11 – the nine of Clubs, the four of Hearts, the seven of Hearts, the eight of Hearts and the Ace of Diamonds.
