Lotto Spot! 18+

YOUR CHANCE AT \$1,000 A DAY FOR AS LONG AS YOU LIVE!

- Top prize of \$1,000 a day for life!
- Second prize of \$25,000 a year for life!
- You receive five main numbers and one Grand Number for \$3.
- Win a Free Play for matching just the Grand Number!
- Add Monday's or Thursday's EXTRA for a chance to win the \$250,000 top prize or the \$100,000 second prize!

A DAILY GRAND Free Play consists of one quick pick selection with five main numbers and one Grand Number. You can add one EXTRA number for an additional \$1.

HOW THE GRAND NUMBER WORKS

Each \$3 DAILY GRAND selection consists of a selection of five main numbers, as well as a Grand Number, which is chosen from a range of 1 to 7. The Grand Number (GN) can be used to win a prize, even if you haven't matched any main numbers.

If one or more of the five main numbers is from 1 to 7, it is possible that the same number could be drawn as the Grand Number (GN). However, the Grand Number cannot be used in place of one of the main numbers to win a prize.

The top prize for matching all five main numbers and the Grand Number is \$1,000 a day for life or the second prize of \$25,000 a year for life for matching all 5 main numbers. And for life means for life! Annuity payments last for the life* of the winner. However, if there is more than one winner for either the top prize or secondary top prize, the winners will split the lump sum payment for that prize category.

*For complete prize details and game information, refer to the DAILY GRAND Game Conditions on wcl.com, or call 1-800-665-3313.

The Grand Number is indicated by "GN" on your ticket.

\$1 MILLION GUARANTEED PRIZE DRAW

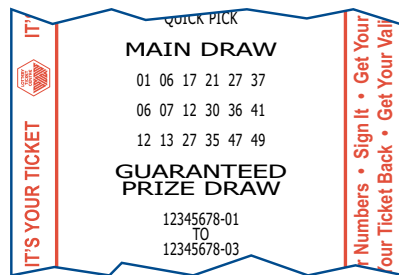

On each LOTTO 6/49 ticket you will see a section called the "Guaranteed Prize Draw". Every Wednesday and Saturday, after the Main winning numbers are drawn for the LOTTO 6/49 jackpot and subsidiary prizes, one Guaranteed Prize Draw selection will be drawn at random from all the Guaranteed Prize Draw selections issued, for a prize of \$1 million.

The Guaranteed Prize Draw selection is an 8-digit number followed by a 2-digit trailer (e.g. 12345678-01). Tickets with multiple LOTTO 6/49 selections have multiple Guaranteed Prize Draw selections, which print as a range. The first eight digits are the same, and the last two digits increase by one for each additional selection on the ticket (e.g. 12345678-01 to 12345678-06).

One winning Guaranteed Prize Draw selection will be drawn from those issued to guarantee there is a winning ticket for each draw. Since each Guaranteed Prize Draw selection is unique, it will not be possible for two tickets to share the same number.

Exact match only. There are no subsidiary prizes on the \$1 million Guaranteed Prize Draw numbers.

Odds of winning in any Guaranteed Prize Draw are one in the number of LOTTO 6/49 selections issued for that particular draw. For more detailed prize information, please contact Customer Care at 1-800-665-3313.

HOW TO PLAY... KENO

- Win the top prize of \$100,000* by matching 10 out of 10 numbers selected.
- There is even a prize for matching zero out of 10 numbers selected!

- 1 Mark how many numbers you want to play – from 1 to 10. Or, ask the retailer for a quick pick, and advise how many numbers you wish to play.
- 2 Choose the amount you wish to wager per draw (\$1, \$2, \$5 or \$10).
- 3 When playing by selection slip, select the appropriate amount of numbers from 1 to 80. If you want the computer to select the numbers for you – while still playing by selection slip – mark the quick pick box.

FREQUENTLY ASKED QUESTIONS

WHY DO I HAVE TO PUT MY NAME ON MY TICKET?

We recommend you print your name on all your lottery tickets at the time of purchase, as this prevents another person from claiming any major prize, should the ticket be lost. In addition, retailers cannot check or validate lottery tickets unless your name is printed or legibly signed on the ticket. A signature line is provided on the front for validation purposes, and it's also a good idea to print your name, address and telephone number on the back.

Prizes are payable to the holder(s) whose name(s) appears on a ticket, and identification is required when the ticket is presented for prize claim at any Prize Payout Office. If your name, address, and daytime telephone number are printed on the back of the ticket, another person could not claim your prize.

PLAYER TIPS: BUYING & CHECKING TICKETS

- SIGN IT:** Print or legibly sign your name on your tickets as soon as possible after purchase. This can be helpful if your tickets are lost, and retailers cannot check or validate tickets until your name is on it.
- CHECK IT:** Always check your ticket(s) against the winning numbers after the draw, or for SCRATCH 'N WIN tickets, review the play instructions on the back. You can also use a Ticket Checker to confirm the status (winning or non-winning) of all tickets – including SCRATCH 'N WIN - prior to having the retailer validate them.
- HEAR THE SOUND; WATCH THE MONITOR:** The Customer Display Unit (CDU) displays the prize amount of any winning ticket checked in the terminal, or whether it is a non-winner. The terminal makes a sound – “Cha-ching, Woo-hoo!” – when a winning ticket is checked. If your Advance Play ticket still has draws remaining, a voice will also instruct the retailer to give you your Replacement ticket. For prizes over \$1,000, you will hear, “Please, do not tear the ticket!” and the terminal will make a different winning sound (trumpet fanfare).
- GET YOUR VALIDATION SLIP:** A Validation Slip is generated when your ticket is checked through the ticket terminal, and it indicates the status of your ticket and any prize amount won. You can also compare the Validation Slip to the ticket number to ensure they match.

HOW DO I CLAIM A PRIZE?

The original winning ticket must be presented to claim a prize.

Prizes of \$1,000 or less may be claimed at any Lottery Ticket Centre able to pay the prize. Although retailers are asked to pay prizes up to \$100, not all retail locations offer a redemption service for larger amounts. Before handing your ticket to the retailer to cash, it is recommended that you know how much you have won and ask them if they have the funds available to pay the prize.

Prizes over \$1,000 and merchandise prizes may be claimed at any Prize Payout Office within WCLC's region. Government issued photo identification is required. For further claim information, including prize office locations, call **1-800-665-3313**. All prizes can also be claimed by mailing tickets to:

**Western Canada Lottery Corporation, Prize Payout
10th Floor, 125 Garry Street
Winnipeg, Manitoba R3C 4J1**

Note: Print your name, address and daytime telephone number in the Claim Form on the back of the ticket. All risks of sending tickets remain with the player.

Holders of winning tickets must claim their prize prior to the expiry date printed on the back or front of the ticket.

- GET YOUR TICKET BACK:** Paid winning tickets are to be torn in two and given back to you along with the prize. All other tickets – non-winning or eligible for prizes the retailer does not pay – are to be returned to you in one piece.

If you have any concerns about the awarding of a prize, you have the right to refuse payment and take your intact ticket back. You can then call 1-800-665-3313 for further instructions.

- Other than putting your name on the front, and your name, address and daytime phone number in the Claim Form on the back, **don't write or mark anything else** on the front or back of the tickets. If you win a prize that must be claimed from a Prize Office, any additional markings must be investigated and may delay payment.
- Always complete your selection slip **in pencil**. Using ink can damage the ticket terminal and it may not be able to read your selection slip.
- When buying your lottery tickets, check **before** leaving the store to ensure you have all the tickets you paid for, and that they are correct. Once the player has left the point of purchase, WCLC considers the transaction complete.

WHEN I CHECK A TICKET AT RETAIL, HOW WILL I KNOW IF I WON? WHAT SHOULD I GET BACK?

You should always receive the Validation Slip that shows the winning prize amount, if any. If your ticket is a non-winner, or if it is eligible for a prize the retailer cannot pay, you should also receive the original ticket back, in one piece.

If the ticket has won a prize that the retailer can pay, and you accept the prize, the retailer should tear the ticket in two and return both pieces to you.

If the ticket is worth \$10,000 or more, the terminal will freeze temporarily, additional information will appear on the monitor that faces you, and the retailer will call WCLC to “register” your win and provide you with additional claim instructions.

WHAT SHOULD I DO IF A RETAILER DOESN'T RETURN MY TICKET?

You should ask for the ticket to be returned to you. Any questions or concerns regarding prize payment and validation procedures followed at retail should be directed to the WCLC toll-free number, 1-800-665-3313, provided on all tickets.

WHEN DO LOTTERY TICKETS EXPIRE?

Tickets for all draw-based and SPORT SELECT games expire one year from the draw date on which the prize was won or last selected game was played.

All SCRATCH 'N WIN tickets have an expiry date printed on the back of the ticket. These dates can also be found on **wclc.com**.

Once a ticket has expired, no prize can be paid.

WILL TICKETS PRESENTED AT A PRIZE OFFICE BE TORN AND RETURNED?

No, tickets paid at Prize Offices must be kept on file at WCLC.

SHOULD I CHECK MY TICKETS AFTER THE DRAW, OR SHOULD I CHECK THEM THROUGH THE TICKET TERMINAL?

You should always take responsibility for your tickets and check the tickets yourself to see if they have won a prize. The official winning numbers and prize amounts are available in 'flipper' display units at retail, and winning numbers are also published on **wclc.com** and by assorted media outlets. It doesn't take long to check your selection(s), and this ensures that you will know if you are entitled to a prize, and the value of that prize.

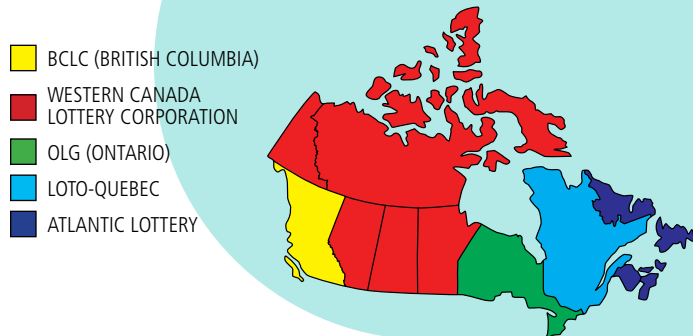

Ticket Checkers are also available for your convenience. They allow you to check all tickets, including SCRATCH 'N WIN.

You can also download the free WCLC Lottery Manager App to get all your lottery information on the go, including checking your tickets using the camera on your mobile device.

CAN RETAILERS CHECK TICKETS FROM OTHER REGIONS?

No. There are five lottery regions in Canada, and each has its own computer system that records lottery purchases in its region. Tickets that are not purchased in the Prairies and the North are not registered in the WCLC computer system and therefore must be cashed by the jurisdiction responsible for the sale.

To claim a prize on a ticket from another jurisdiction, you must mail your ticket to the address shown on the back of the ticket. Make sure your name and return address are printed in the Claim Form on the back of the ticket.

WHERE DOES THE MONEY GO?

Of every dollar spent on tickets for all Lottery games, approximately 50.5 percent goes back to players in the form of prizes. Lottery retail commissions are approximately 6.9 percent of sales. Western Canada Lottery Corporation operating expenses are approximately 7.3 percent of sales, with ticket printing accounting for an additional 1.1 percent. The remaining 34.2 percent is revenue returned to WCLC's members – the provinces of Alberta, Saskatchewan and Manitoba and associate members Yukon, Northwest Territories and Nunavut.

Revenue is based on sales from each member province or territory. Each provincial and territorial government establishes its own priorities for disbursement of Lottery funds. Contact the organizations on page 54 for further information.

WHAT HAPPENS TO UNCLAIMED PRIZES?

Unclaimed prizes on national games are returned to players through guaranteed jackpots and bonus draws. Unclaimed prizes on regional games are used to enhance existing prize structures, or are returned to member provinces and territories as revenue.

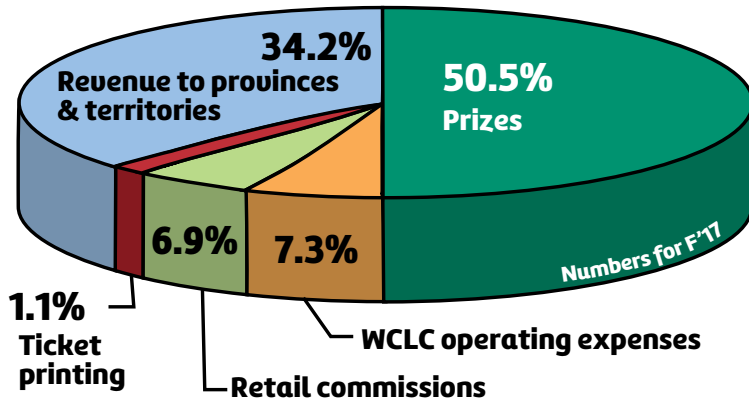

WHAT IS A GROUP BUYING AGREEMENT?

Group Buying Agreements (GBAs) are available as a convenience for groups who participate in lottery games – including groups who play by subscription, and they may be required when a group claims a prize. The GBA should include: the group's trustee, the type of game, the draw date, the winning ticket's Control Number, and each member's name, address, telephone number, share and signature. It does not have to be completed before a notary public or any other legal representative.

Copies of the GBA are available free of charge at lottery Retail locations. A printable electronic copy is available on our website, wclc.com.

Informal lottery groups (co-workers, friends, neighbours) who play together on an occasional basis, should ensure they have a common understanding about the group's membership when participating in any particular draw.

A new GBA should be completed whenever there is a change in a group.

WHAT IS A PARI-MUTUEL SHARE?

A pari-mutuel share is a calculation where the total monies allocated to a prize category are divided by the total number of winners in that category.

Examples of games that offer pari-mutuel prizes are LOTTO 6/49, LOTTO MAX and POOLS.

HOW ARE REGIONAL DRAWS CONDUCTED?

More than 850 draws are conducted each year for Western Canada Lottery Corporation's (WCLC) regional games – WESTERN 649, WESTERN MAX, POKER LOTTO, EXTRA, PICK 2, PICK 3 and PICK 4. These draws are held at WCLC's Head Office in Winnipeg and are conducted on stand-alone computerized draw machines.

As with the national games, stringent controls and security measures are in place for each regional game draw. Two computerized draw machines are available for each draw, and they are located in a secure location that is monitored by video surveillance 24 hours a day. An auditor, who oversees the draw, selects which draw machine is to be used for any given draw. Security personnel attend and conduct each draw, and all draws are videotaped using an automated time-date stamp.

The computerized draw machines' Random Number Generators were initially tested by two independent laboratories to ensure the randomness of their number selection. Draw software was also tested independently and certified as accurate. Independent testing of randomness and software is mandatory when regional games are added or removed, or significant changes are made to existing games.

HOW ARE NATIONAL DRAWS CONDUCTED?

LOTTO 6/49 draws and LOTTO MAX main draws are made using ball-draw machines. The 49 balls are placed in numerical order in the ball rack of the draw machine. The entire draw process is initiated by pushing a button which releases the balls into the mixing drum which is spun for a minimum of 10 seconds before a piston automatically begins to raise balls and drop them one by one into the ball tray.

For LOTTO 6/49 draws, seven balls (six main numbers and one Bonus number) are drawn. For LOTTO MAX draws, eight balls (seven main numbers and one Bonus number) are drawn. One by one, each ball is raised by the piston out of the mixing drum and into the ball traps on the sides of the draw machine.

DAILY GRAND draws, as well as the additional draws for MAXMILLIONS on LOTTO MAX, and Guaranteed Prize Draws on LOTTO 6/49 take place using a computerized draw machine.

Strict controls and security measures are in place for every draw. All draws are videotaped and an external auditor, an external trust officer and a draw supervisor are present at each draw. The external auditor witnesses the draw and officially records the winning numbers. The trust officer is responsible for the security of the draw, which includes the loading of the required balls/numbers into the draw machine, and the draw supervisor ensures that all draw procedures are followed.

Stringent controls are also in place with respect to draw machines and draw balls. Draw machines are kept in a secure area which is monitored at all times, and draw balls are kept in cases that are locked and sealed. These balls are used for every draw and undergo monthly testing to ensure that each ball meets strict requirements. If a ball does not meet these requirements, the entire set of balls is replaced.

ARE THERE ANY LIMITS TO HOW MUCH I CAN SPEND ON LOTTERY GAMES?

Yes, on SPORT SELECT, the maximum amount an individual can wager on any SPORT SELECT product (except POOLS) per day at any retail location is \$500. This includes Combo Play.

There is a \$1,000 transaction limit on all lottery tickets. Some Advance Play and multiple ticket options are no longer available on draw-based tickets, including combination play. This limit is per terminal transaction, but does not limit how much can be purchased.

For example, a 9-Number LOTTO 6/49 combination is not available for four Advance Play draws, because the transaction would exceed the \$1,000 limit ($\$252 \times 4 = \$1,008$). In order to process the ticket, the player could have a 9-number combination ticket for a maximum of three draws. However, a retailer could process a number of tickets totaling more than \$1,000 for a customer, provided no one transaction exceeded that \$1,000 limit on its own.

HOW DO I GET ENTERED IN THE LOTTO 6/49 \$1 MILLION GUARANTEED PRIZE DRAW?

For every \$3 LOTTO 6/49 selection you purchase, or for every Free Play issued, you will automatically receive an entry for the Guaranteed Prize Draw. Tickets with multiple LOTTO 6/49 selections will have multiple Guaranteed Prize Draw selections. The \$1 million Guaranteed Prize selection is drawn separately from the main LOTTO 6/49 draw.

CAN THERE BE TWO TICKETS WITH THE SAME 'GUARANTEED PRIZE DRAW' SELECTION?

No, Guaranteed Prize Draw selections are unique. No two tickets will share the same number. We will draw one winning selection – only from those issued – to guarantee there is a winning ticket for each draw.
